15 NuStep Recumbent Cross Trainer in the Cardiopulmonary Rehabilitation Department, given by Robert E. L. Smith.

The Elekta Infinity linear accelerator treatment room houses a blanket warmer and Bose Sound System, both donor-funded to ensure patient’s comfort during treatment.

Medicine shelves in 15 private rooms on the fifth floor Joint and Spine Center were generously donated by Frank and Pat Romans.

Four patient private rooms on the 3West unit were donor-funded.

Supported 15 scholarships for MedStar Montgomery Medical Center nurses receiving their bachelor’s degree in nursing.
An Inspiration to Our Community: Sherwood High School POM Squad

The Sherwood High School POM Squad, with Coach Jeanne Laeng, dedicated their 2013 annual service project to MedStar Montgomery Medical Center by raising funds for the Capital Campaign for Oncology. By the following spring, they raised a total of $2,124.88 for our patients and families dealing with cancer. These young philanthropists continued the trend in their 2014 fall season, donating an additional $1,237 to the campaign. Thank you Sherwood High School POMS!

About the MGH Health Foundation

When the MGH Health Foundation was first established in 1980, our main goal was to raise funds through memorial donations and the annual golf tournament. Throughout the past 35 years, the foundation has grown, providing more ways to donate, launching a variety of campaigns, establishing giving programs, offering naming opportunities, and hosting events to bring in new donors. And we wouldn’t be able to continue this trend without the dedication and commitment of our generous donors.

Our Mission

The MGH Health Foundation provides funds to MedStar Montgomery to purchase equipment, support programs and maintain facilities. These funds, generated through community philanthropy, help to ensure the availability of quality medical care to you and your neighbors.

The 2014 Annual Report is a way for the MGH Health Foundation and MedStar Montgomery Medical Center to recognize our charitable donors. Your generosity is the reason philanthropy continues to grow at our hospital.

MedStar Montgomery Medical Center, a not-for-profit healthcare facility, relies on philanthropy to give our patients upgraded equipment, advanced technologies, more amenities and growing programs and services.

The Annual Report features donor societies, planned giving, annual lists and cumulative lists, grants we received, our corporate partners, and more. This report is designed to show our appreciation for your support throughout the past year.

On behalf of the MGH Health Foundation, thank you for supporting MedStar Montgomery Medical Center and for the dedication you give to our patients, families and community.

Every dollar makes a difference.

In 2014, we received 3,759 monetary gifts from 837 donors at MedStar Montgomery Medical Center, raising $1.34 million in philanthropic dollars. Thank you for all of your support!

Sandy, Mike and Cynthia, and their families generously donated an infusion bay in the Infusion Center and an exam room in the Helen P. Denit Center for Radiation Therapy at MedStar Montgomery Medical Center, in memory of their parents Delores and Charles Portale. Pictured in front of their infusion bay is (left to right): Alice Portale, Sandy Fletcher, Lexi Portale, Bobby Fletcher, Cynthia Foster and Mike Portale.
The Samuel Riggs IV Society

The Samuel Riggs IV Society lists donors who have cumulatively given $1 million or more to MedStar Montgomery Medical Center.

A. Lynn McDowell, Jr.*
Mrs. Helen W. Boyer
Montgomery County Council
Mulitz-Gudelsky Family

Samuel Riggs IV
Gladys P. Hurlebaus*
The Women’s Board

Helen W. Boyer (pictured front center) has been involved with our hospital since the early days, working alongside her late husband Dr. M. McKendree Boyer and hospital founder Dr. Jacob Wheeler Bird. Throughout the years, Mrs. Boyer and her family generously support MedStar Montgomery Medical Center and share Dr. Boyer’s passion for learning and power of knowledge through the annual Dr. M. McKendree Boyer Memorial Lecture. Pictured is the Boyer Family (left to right) top row is Mrs. Boyer’s daughter Sally Boyer-Smith and grandchildren JB Skogsberg and Kristen Skogsberg; bottom left is her son McKendree Boyer and to her right is son George Boyer, MD.

Samuel Riggs IV, a native of Laytonsville, Maryland, was active in the community and noble through his philanthropic endeavors at MedStar Montgomery. In 1999, he donated the first $1 million gift to the Critical Care Unit, which was later named after him. Mr. Riggs tragically passed away in 2002, but his legacy continues to live on at MedStar Montgomery.

Planned Giving

Most of us want to make a contribution during our lives that will benefit future generations. A planned gift to MedStar Montgomery Medical Center is an ideal way to leave a lasting legacy that can also provide you with tax advantages and other benefits. Planned giving can protect the assets you’ve worked hard for, help ensure that your family or other heirs are cared for, and make it possible for you to provide a significant gift to MedStar Montgomery Medical Center.

MedStar Health now offers a free service provided by Thompson & Associates, an estate planning firm that works exclusively with nonprofits. Thompson & Associates helps prospective donors understand and consider their planned giving options through a personalized and comprehensive charitable estate planning process.

For more information about this valuable service, contact the Foundation Office at 301-774-8777.

The Capital Campaign for Oncology

The $4 million Capital Campaign for Oncology, launched in 2013, supports the newly renovated Helen P. Denit Center for Radiation Therapy, the purchase of the state-of-the-art Elekta Infinity linear accelerator, and the growth of cancer support services and programs. The radiation therapy center construction was completed in July of 2014, but the need to reach our $4 million campaign goal continues. By September of 2015, the remaining dollars not raised by philanthropy will be supported with funds from patient care units and departments at our hospital. Your contribution truly makes a difference in the lives of so many.

Listed below are donors of the Capital Campaign for Oncology who contributed $50 or more to the campaign from inception to Dec. 31, 2014.

The construction to the Helen P. Denit Center for Radiation Therapy began in June of 2013 and by the following summer, the renovation and expansion of the center was complete. Thanks to the support of the donors listed, we have raised more than $2 million of our $4 million goal and are currently treating patients on the innovative Elekta Infinity linear accelerator. Below shows how your donation has made a difference.

The outside view of the new center, a 3,966 square foot expansion.

Main lobby

Conference Room/Staff Lounge

Added two additional exam rooms, all four are donor-funded.

Grants

Each year, the MGH Health Foundation applies for grants from charitable foundations, corporate businesses, local and state governments, and national organizations. The funds we receive through grants helps us expand our facility, grow programs and services, and advance medical technology at MedStar Montgomery Medical Center.

Maryland Energy Administration pledged $400,000 and the Pepco C&I Energy Savings Program pledged $396,878, both to support energy upgrades to the hospital’s chillers, controls, mechanical systems and lighting.

Maryland State Government pledged $300,000 for an x-ray room in the Emergency Department, making it easier and more efficient for patients to receive x-rays.

Maryland Community Health Resources Commission pledged $19,554 and the Montgomery County Council pledged $38,250, both to support an emergency department navigator, which helps uninsured and underinsured patients through our safety net clinic, Proyecto Salud.

Carol Shaffer Smith dedicates the “Story Time II” Sculpture in memory of her son, Stephen Kent Myers, who passed away in October of 2013 of a rare disease. The sculpture is located in the main lobby of MedStar Montgomery Medical Center. Pictured is Susan Myers (Mrs. Stephen Myers) and Carol Shaffer Smith.

*Deceased*
In February of 2014, Girl Scout Daisy Troop #889, an Olney Elementary School-based troop, delivered 135 boxes of cookies to MedStar Montgomery Medical Center, to help patients feel better during their stay.

Each December, Neal and Gerry Pardini celebrate their wedding anniversary by giving to children in need. This past year, they donated 20 brand new toys to our Pediatric Emergency Department.
The Chairman’s Circle

Each year, the MGH Health Foundation hosts its annual Chairman’s Circle reception to recognize the dedication and generosity of our donors who contribute $5,000 or more annually. Congratulations to the 2014 Chairman’s Circle winners.

The 2014 Chairman’s Champion Award: Christopher Ruppert

For Chris Ruppert, MedStar Montgomery Medical Center is almost a home away from home. A member of the MGH Health Foundation Board of Directors since 2006, Chris can always be counted on for his unwavering support of our endeavors—contributing generously of his time and energy. His donations have helped with projects, Capital Campaigns, and all fundraising events, including the Annual Golf Classic, as well as serves on the Foundation’s Special Events and Membership Committees. Needless to say, Chris is a true champion for MedStar Montgomery.

The 2014 Distinguished Volunteer Award: Lucy Wilson

Lucy Wilson, who joined the Friends and Community Division of the Capital Campaign for Oncology in 2013, is always looking for more ways to help, she is known for constantly bringing innovative ideas and new discussions to the group. She has already surpassed all expectations raising thousands in donations for the Campaign. An avid go-getter, she distinguishes herself through her desire to help in any way she can.
The 2014 Dedicated Community Advocate Award: Sandy Spring Bank

In 1917, Robert Miller, a farmer from Spencerville and member of the board of directors at Sandy Spring Bank, pledged $100 to Dr. Jacob Wheeler Bird, the founder of MedStar Montgomery Medical Center before the hospital was even built. This donation, the first made to our community hospital, became the cornerstone of what has become a lasting partnership. Since then, Sandy Spring Bank has been a constant supporter of our hospital, our Partnering Sponsor for the Annual Golf Classic for the past two years. We couldn’t ask for a stronger or more committed advocate.

The 2014 Outstanding Physician’s Commitment Award:
Luther L. Ampey III, MD

As medical director of the Helen P. Denit Center for Radiation Therapy and radiation oncologist, Dr. Luther Ampey has always been a strong advocate to the MGH Health Foundation and a constant supporter of our endeavors. A true asset to the Capital Campaign for Oncology, he has personally championed the cause and serves as the chair of the Medical Staff Division.

The 2014 Willard Derrick Community Leadership Award:
Russ and Betsy Sanford

Truly inspirational and leaders among our community, Russ and Betsy established Joe’s Ride & Stride, a fundraiser to raise money for The Joseph Patrick Sanford Memorial Foundation they named after their son Joe who tragically passed away of brain cancer in 2002. The success of Joe’s Ride & Stride has enabled the Sanford’s to provide support to a variety of organizations that help children afflicted with illnesses and disabilities. Their generosity has touched a variety of community organizations, including MedStar Montgomery Medical Center in 2011 when they donated $12,000 to purchase a pediatric emergency private room.
The 2014 Face of Philanthropy Award: Sherwood High School Pom Squad 2013-2014
Through the hard-work and dedication of these young philanthropists, the 2013-2014 Sherwood High School Pom Squad inspired an entire community. After the squad took a tour of the radiation therapy center and learned about the Capital Campaign for Oncology, they were hooked. A junior officer on the squad at the time, Abby Snyder heard of the campaign through her dad Dan who had just recently joined the campaign's committee. Abby instantly thought this would be a good Annual Service Project for the squad and Jeanne Laeng, the coach of the squad, agreed. Raising funds at Back to School Night, home football games and two Pom Day Camps, by the end of the school year, they had raised $2,124.88 for the Capital Campaign for Oncology.

The 2014 Associate Patron Award: Gil Neisch
Gil Neisch worked in the facilities department at MedStar Montgomery Medical Center for 20 years before he retired on September 1, 2014. But his contributions to the hospital during his time went far beyond his daily work. Gil believes in giving back, so he consistently and generously supported our 2006 Capital Campaign Building Expansion Project and the Associate Annual Giving Campaign since inception as well the Capital Campaign for Oncology in 2013. He was one of our highest associate donors and he always fulfilled his pledge in full. One of the most supportive associates we could ask for, Gil graciously and modestly helped in any way he could, donating to all of our events.

The 2014 Legacy Award: Given to Jack Larsen, in memory of his wife Nita Larsen
On April 19, 2014, Juanita “Nita” Larsen sadly passed away, leaving behind her husband of 64 years, Jack and her two children, Jeff and Lynn Larsen. A caring and compassionate person and friend to so many, Nita was generous in her way of life and kind to all. She loved life and was known for her quick wit, good sense of humor, and willingness to lend a helping hand. An avid supporter of the MGH Health Foundation, she could always be counted on to attend every event and dinner.

The Wall of Honor

The Wall of Honor is a cumulative donor list beginning before the Foundation was even established. Robert Miller, a local farmer, began the philanthropic mentality in 1917 when he proposed $100 to build the first hospital in the region. The philanthropic tradition continues to grow at MedStar Montgomery Medical Center, and it is all thanks to our donors. The following includes the loyal supporters who have generously donated to MedStar Montgomery throughout the years.

**Elite Benefactor**

$500,000 to $999,999

- The Helen Pumphrey Denit Charitable Trust

**Distinguished Benefactor**

$100,000-$499,999
