Spile Awards Program

The SPIRIT Awards Program Committee recognizes the extraordinary diligence and accomplishments of our St. Mary's Hospital associates. These exceptional team members contribute to the quality reputation of the hospital and the well-being of patients and community members.

Criteria

Nominees must have:

- demonstrated extraordinary behavior well beyond daily roles and responsibilities
- significantly impacted staff, patients or community
- made a superior contribution of team effort to the success of a project
- shown exceptional participation or leadership in an assignment
- exhibited proactive qualities in responding to an emergency situation
- been an associate for one year
- been nominated by a fellow associate, co-worker or peer

Nomination Form

* Name of Nominee	 	
* Department		
* Your Name		
* Your Department		

Nominations and the Approval Process

* In about 200 words, please explain or describe:

- the action or event that was above and beyond the call of duty
- how it demonstrated our Spirit Values
- what they did to deserve recognition
- how these actions have impacted others
- the date of this event or occurence

The Spirit Award Program Committee will review nominations and select awardees. Award recipients and department leaders will be notified by letter from the Committee.

Indicates required information for nomination to be considered.
