Advancing Health through Innovation and Research

MedStar Health serves more than a half-million patients annually throughout the Maryland and Washington, DC, region. We pride ourselves in being on the forefront of innovation in areas such as cardiology, oncology, transplantation, neurosciences, orthopedics and rehabilitation. Our associates embrace a firm commitment to delivering patient-first care, and to being a leading force for research and innovation to advance health care.

Your investment will help leading researchers conduct clinical investigations to progress the practice of medicine. Through your support, we will continue to achieve dramatic advancements.

Share in the Investment in our Community

Be part of the Corporate Partners Program. You will share the sense of pride that comes with knowing thousands of lives are being improved through your philanthropic support.

For more information, please contact our Corporate Partnerships office at (410) 772-6708 to learn more about the extraordinary benefits of the various levels of membership in the Corporate Partners Program. We look forward to an opportunity to talk to you about how your business can help become a catalyst for amazing improvements in health care.

Contributions are graciously accepted for charitable purposes that intend to promote better health care, benefit society and/or demonstrate good corporate citizenship. Contributions may not be linked, explicitly or implicitly, to any expectation or agreement that MedStar Health will use, endorse, recommend or make a referral for any product or service and may not result in a personal benefit to any individual, corporation, foundation or organization.
The MedStar Health Philanthropy Alliance

Depending on your level of philanthropic interest, you may also wish to consider becoming a charter member of the MedStar Health Philanthropy Alliance, which offers members enhanced recognition opportunities, including:

• Exclusive interaction with MedStar Health leadership through donor recognition opportunities;
• Enhanced recognition at MedStar philanthropy events;
• Recognition on the MedStar Health corporate website;
• Listing annually on a MedStar Health Board of Directors agenda;
• Presence in MedStar Health’s donor listings and certain community newsletters;
• Invitations to special MedStar Health leadership receptions; and
• Invitations to MedStar Health senior leadership education sessions.

The Corporate Partners Program: An Alliance for Thriving Communities and Innovative Care

More than an avenue for philanthropic support, the Corporate Partners Program is a coalition of corporations, product developers, foundations and others invested in the mission of MedStar Health. Together, those stakeholders engage in ongoing dialogue, share ideas and provide support to MedStar, making healthier tomorrows possible.

MedStar Health invites your business to partner with us in a shared investment in community benefit and health care advancement through the Corporate Partners Program. Through your investment, you will become a strategic partner with MedStar Health’s mission of discovering innovative solutions and supporting the delivery of health and healing to the community through new technologies, facilities and programs that enhance care.

Recognized for Quality

MedStar Health sets the bar high, and with your help, we will reach even higher. We are proud of the many national and regional recognitions we have earned in partnership with our clinicians and associates:

• US News and World Report has ranked six MedStar hospitals among its 2011 listings of “Best Hospitals” in America;

Since 2001, the Delmarva Foundation for Medical Care has awarded MedStar Health’s Maryland-area hospitals with its coveted Excellence Award for Quality 18 times, more than all other hospitals in the state – combined.

MedStar Health Research Institute (MHRI), the research arm of MedStar Health, comprises more than 250 active investigators who conduct groundbreaking research across the health system. Last year, over 950 active studies, involving thousands of participants, resulted in more than 550 medical publications. MHRI’s research – from bench, to bedside, to community – complements the key clinical services and teaching programs in MedStar’s hospitals, advancing health in the communities we serve.

MedStar Family Choice has been named the top-ranked Medicaid health plan in Maryland for two consecutive years;

Hospitals and Health Networks has named MedStar a Most Wired Health System, recognizing our advanced use of information technology to promote strategic, operational and patient care goals;

Our employee satisfaction exceeds the national average for health care and Fortune 500 high-performing companies.

Partnering with MedStar Health

As the largest healthcare system in the Maryland and Washington, DC, region, MedStar Health offers exceptional clinical care and innovative advancements in medical research. Our 26,000 associates and more than 5,300 physicians at nine hospitals and 20 other health-related entities are driven by a patient-first philosophy that combines compassionate care with a commitment to clinical excellence.

At MedStar, we seize opportunities with great promise and capitalize on them to enhance care and save lives. Each year, we help hundreds of thousands of people overcome illness or injury, combat disease and develop living habits that contribute to good health.

Your partnership will enable MedStar to pursue new standards of care, implement innovative clinical techniques, and acquire the most advanced technologies available, helping to accomplish things not possible with operational revenues and extending our commitment into the community.

The MedStar Health Philanthropy Alliance

Depending on your level of philanthropic interest, you may also wish to consider becoming a charter member of the MedStar Health Philanthropy Alliance, which offers members enhanced recognition opportunities, including:

• Exclusive interaction with MedStar Health leadership through donor recognition opportunities;
• Enhanced recognition at MedStar philanthropy events;
• Recognition on the MedStar Health corporate website;
• Listing annually on a MedStar Health Board of Directors agenda;
• Presence in MedStar Health’s donor listings and certain community newsletters;
• Invitations to special MedStar Health leadership receptions; and
• Invitations to MedStar Health senior leadership education sessions.

“Healthcare is going through enormous change … and the only way to succeed in the next ten years is through innovation.”

-- Mark Smith, MD, Director, MedStar Institute for Innovation

Baltimore Business Journal
