**Adaptive sports are a fun and competitive way to achieve:**
- Increased energy and endurance
- Stronger muscles
- Weight loss
- Positive outlook

**Outpatient Nutrition Counseling**

MedStar National Rehabilitation Hospital
Dieticians meet in outpatient setting individually or within a group and address the following concerns:
- Chronic disease and stroke prevention
- Diabetes, cardiovascular disease, high blood pressure, chronic kidney disease
- Digestive problems
- Nutrition after spinal cord injury
- Food allergies
- Sports nutrition
- Weight management
- Nutrition during cancer treatment
- Any condition where nutrition intervention could create a positive outcome
