

Provider Alert

June 8, 2015

We have been asked to forward the attached invitation to all of the providers in Prince Georges County who participate in our MedStar Family Choice products.

The county Health Officer, Pamela Creekmur, will be hosting these physicians working dinners in priority areas throughout Prince Georges County. These meetings are intended to educate physicians on county initiatives, recent legislation that effect primary care practice and increasing care coordination using the state health information exchange, CRISP. This will also be an opportunity for clinicians to voice their opinions regarding barriers to adopting new care models. Ultimately, the meetings will lead to the development of an action plan for county physicians and formal recommendations to county and state health officials to address barriers in the priority areas.

Please rsvp if you are interested in attending the dinner meeting on June 17, 2015 at the College Park Marriott. Attached you will find a flyer with additional details on this event.

If you have any questions, please do not hesitate to call Vanessa Purnell at 410-216-6205 or 443-604-5393.

ADOPTING VALUE-BASED CARE

CREATING A VIABLE PRACTICE IN THE 21ST CENTURY

As the U.S. healthcare system moves from fee-for-service care models to value-based care models, physicians will need to adapt to maintain a viable practice in the changing environment. Please join us for this exciting symposium to discover how you can prepare to meet these challenges and take advantage of emerging opportunities.

WEDNESDAY, JUNE 17TH 2015 6-8PM

College Park Marriott Hotel & Conference Center

University of Maryland University College | 3501 University Blvd E, Hyattsville, MD 20783

There is no cost for attendance. A light dinner and CME will be available.
