Credentialing and Claims for Nurse Practitioners and Physician Assistants

MedStar Family Choice requires all providers who render services to our members to be credentialed, whether they bill for services directly or not, this includes Nurse Practitioners and Physician Assistants.

Claims for Nurse Practitioners should be billed to MedStar Family Choice under the NP's name. At the present time, MedStar Family Choice does not allow a Physician Assistant to bill under his/her own name and requires that the bill be presented under the name of the supervising physician.

If you have any questions about this information and or participation within MedStar Family Choice, please contact our Provider Relations Department via email at www.msfcproviderrelations2@medstar.net and/or Maryland providers can call Provider Relations directly at 800-905-1722, option 5 and DC providers can call 855-210-6203, option 5
