DC Medicaid Services Announcement

As of October 1, 2017, the MedStar Family Choice contract to provide Medicaid services to residents in the District of Columbia has ended. **(Please note MedStar Family Choice still provides Medicaid services in the state of Maryland as well as Medicare and Select across the region.)**

MedStar Family Choice members in DC previously received letters regarding this change and their automatic assignment to the new managed care organization on October 1, 2017. If you receive questions from your Medicaid patients, please refer them to the DC Healthy Families helpline at 202-639-4030 or 800-620-7802.

We truly appreciate the first-rate service you have provided MedStar Family Choice members in the District. We have received numerous stories of the tremendous impact that the MedStar Family Choice Providers have had on our former members' lives and how it helped them achieve positive health outcomes and lead healthier lives.

This program is funded in part by the Government of the District of Columbia Department of Health Care Finance.
