

MedStar Harbor Hospital Boilerplate

About MedStar Harbor Hospital

For more than a century, MedStar Harbor Hospital has grown alongside the communities it serves in Baltimore City, and Anne Arundel, Baltimore and Howard counties. The hospital was first established in 1903 as a small community clinic servicing the waterfront community in Baltimore. More than 100 years later, the 179-bed hospital continues to offer the personal touch of a community hospital while incorporating the excellence of a high technology medical center. It has been the recipient of the Delmarva Foundation's highest honor, the Excellence Award for Quality for Hospitals, in 2001, 2006, 2007, 2008, 2010, 2011, 2012, 2013 and 2014.

With more than 400 physicians representing 30 medical and surgical specialties, and 1,300 employees, the hospital offers a full range of health care services for patients from infancy through the senior years. MedStar Harbor's specialty areas include orthopaedics, women's services, cancer care, diabetes care, fetal assessment, cardio-pulmonary rehabilitation, and treatment of chronic lung conditions. The hospital's continuum of care also includes wellness programs, outpatient services and inpatient treatment.

MedStar Harbor is part of MedStar Health, a non-profit, regional healthcare system with 10 hospitals and more than 20 other health-related services in the Maryland and Washington, D.C. area. MedStar Health's patient-first philosophy emphasizes service, quality and safety, combining compassionate care and clinical excellence. More than a half-million patients trust their care to MedStar Health each year. medstarhealth.org
